FACT WAR

PLAYING PIECES & INSTRUCTIONS

Playing Pieces - 5 per player (Copy & Cut)

Instructions

Fact War is played in a similar fashion to Battleship.

Object of the game: Find all of your opponent's ships.

- 1) Copy 2 gameboards and the playing pieces above.
- 2) Players sit opposite each other with a barrier (book or folder) between and each player chooses 5 playing pieces.
- 3) Players place the playing pieces in any space on their board, being careful not to cover up the number in the upper right corner of the square.
- 4) Player 1 says a letter (F, A, C, or T) and any Sixes fact from Lessons 1-5. *Ex: C, 6X4
- 5) Player 2 looks at their gameboard and if there is a ship on C24 (see example above), then that ship is removed from the gameboard.
- 6) Player 1 continues until he/she misses and play shifts to Player 2.
- 7) The game ends when one of the players "hits" all 5 of their opponent's ships.
